Beginning in October there will be major changes in qualifying for Medicaid. For many New Yorkers over 60 facing financial uncertainty, Medicaid can come to the rescue. If you or someone in the family needs to apply for Medicaid for long term care needs, what is the next step? Finding the necessary documents that Medicaid requires (marriage certificates, photo identification, proof of Social Security, tax returns, etc) can create roadblocks. Daniel Timins, Esq./CFP, will explain what you can do now to prepare to apply for Medicaid to protect the future. Presented by PSS Circle of Care, this informative free seminar includes a question-and-answer section. Register at <https://bit.ly/38cr4F9> or call 917 734 9292 for information.
